

Jolly Phonics Show and Tell

Dear Parents,

Enclosed is our JK classroom's Jolly Phonics show and tell book. Each school day our special helper will have an opportunity to bring in a show and tell item which correlates with the Jolly Phonics letters we are learning about in the classroom. Your child will be our special helper on the next school day. Please help your child to choose an item which begins with the letter on the page which has his/her name on it. They should also draw a picture of the object and write the word (with assistance, if needed) on the bottom of the page. Also, help your child to come up with three clues to describe the object that he/she is bringing for show and tell. The first clue should be the beginning letter. The other clues should describe the object. Please write out these clues on the back of the show and tell page so that we can help your child if they forget the clues. Please encourage your child to bring in interesting objects, preferably not toys. The focus of this show and tell is on oral speaking development. You may send in your child's show and tell in the enclosed "mystery" bag. The next school day our mystery bag will be needed for the next child's turn for show and tell. Thank you for your assistance with this.

Sincerely,
Heidi Whitfield
