

Classroom Parties JK Class

There are several times in the school year when we will be having a small party to celebrate the season's festivities. To help ensure that we won't have more treats than we need to have, I have put together a class party treat schedule for the four parties. I will provide plates and serviettes for each party. Please send in your treats/drinks in the morning on the day of the party for which you are scheduled. Last year this worked out quite well with everyone contributing to the parties but not needing to do so at the last minute and also not needing to contribute to each party. Please send in small treats as they are small children and we want them to eat their dinner that evening!

Thanks,
Mrs. Whitfield
